Character Introduction

Yugi Naoyuki
17 years old

Brimming with curiosity
The type to really get invested in what he likes. Right now, his passion is space so he had Mikami go and buy a photo anthology for him. Being able to see all the planets together clearly at the planetarium sure is fun!
In addition, he likes small things. He also has an interest in shokugan, so he thinks it would be nice for a space themed series of them to come out

(This is also something Mikami --bought for him)
